## The best hotels for cycling and walking fans

Trek&Bike Hotels are the perfect place to stay when travelling by foot or bicycle in Italy. Hotels and farm holiday places displaying the Trek&Bike trademark offer special services for outdoorsy types: suggested excursions for cyclists and hikers, trekking, itineraries, maps and detailed information on the local area.

Our hotels offer vacations for everyone: from families with children who enjoy easy, relaxing hikes to the most dedicated trekkers and bikers wanting to test themselves on the toughest routes. Trek & Bike Hotels offer people who enjoy vacations in the great outdoors local information and well-kept secrets to be discovered in silence, one step after the other.

Depending on the particular nature of the area and hotel owner's interests, hotels may be classified Trek Hotels, Bike Hotels or Trek&Bike Hotel.

### **Trek Hotels offer the following services**

Trek Hotels are ideal for people who like walking, and therefore:

- they are located in places offering an interesting variety of hiking itineraries at various levels of difficulty;
- they have documentation (itineraries, maps and routes) on hikes in the area available for sale or loan
- on request, they can arrange to have someone to accompany you, or an experienced, licensed local guide to lead your group on your excursion
- they have a restaurant featuring menus and schedules tailored to hikers' needs, as well as typical local dishes
- they have a quick laundry service for hiking clothes
